

MX1 High Power Series

24VDC, Compact Dimmable J-Box
LED Driver

Dimmable

MX1 High Power Series

24VDC, Compact Dimmable J-Box LED Driver

Features

- The smallest High-Power dimmable LED drivers in the market
- Built-in junction box
- IP65 - Suitable for dry and wet locations
- Dimmable with any CLF/LED/MLV/ELV (leading or trailing edge) dimmer switch
- Smooth, flicker-free dimming
- Overload and short circuits protection
- 90% Efficiency @ Full Load

Dimming

Dimming Protocol:	CLF/LED/MLV/ELV
Min. Dimming Level:	1%
Dim to Off:	Yes
Dimming Curve:	Linear

Applications

- LED strip
 - LED tape
 - Cove lights
 - Linear lights
 - Puck lights
- Not compatible with Receivers / Controllers.
