

PicoDrive Series

96W CV Class 2 Non-Dimmable LED Driver

MEETS
TITLE 24/JA8
REQUIREMENTS

Features

- Delivers 96W Class 2 power directly in LED Channels-no remote drivers required
- Ultra-compact aluminum case design
- Compatible with low-voltage PWM controllers
- Compliant to California Title 24 / JA8 requirements
- Universal 120-277VAC Input Voltage
- 92% efficiency @ full-load
- UL Class 2, UL Class P
- IP44 rated
- 6-year warranty

Specifications

Input	Pico-96W-48VDC
Input Voltage Range:	120-277VAC
Input Frequency:	50-60Hz
Input Current:	1.1A Max
Efficiency:	>92%

Output

Output Voltage:	48VDC
Maximum Load:	96W
Output Current @ Max Load:	2A

Enclosure

Dimensions:	6.5" x 1.12" x 0.83"
Material:	Aluminum
Finish:	Black/Silver Anodized
Connection type:	Lead wire
Weight:	0.28lbs
